Available at the  
Annual Meeting

***"Preserving the Past for the Future"***

## **This Is Your Newsletter**

We would like to encourage new and current members to use the newsletter. There are numerous members in the club that have a vast knowledge of specialized tractor parts. Someone knows carburetor workings, another is a specialist in electrical workings and so on. We hope that you will tap into the wealth of knowledge.

How do you do that? Just post an inquiry in the newsletter and someone will likely have a solution or know someone who does. You can also make a call to the president and will likely know a source to address your concern.

What can you put in the newsletter?

- Tractor questions
- Parts location

- Items or tractors for sale
- We encourage you to reach out and use the resources that are available. Just contact Pat Foraker or newsletter editor. They will handle your request.

Thank you to DeWayne Backhus for sharing his newsletter from the Oklahoma Antique Tractor Association!

## Old Tractors

A little girl was watching her daddy repair his tractor. She asked her mother, "What happens to old tractors when they finally stop working?" Sighing, her mother answered: "Someone sells them to your father, dear."

**JOIN!**

**facebook**

To see pictures of events and news look on Facebook! Once you have your account set up, search for : **Flint Hills Antique Power Association Edgeta Branch 107** There is a search bar on the upper left hand corner of your home page on Facebook.
